

Multicultural Night April 9th 5:00-6:30pm

This is an ASE family event. Families should plan on coming and spending time together learning about other cultures. We encourage students to learn about new cultures or share their own culture. **Parents: We would love if you would participate in the event. We look forward to learning more about your culture.**

Students will be learning about what culture is and what cultural traits are. For your presentation, you should plan on sharing as many of the cultural traits as you can. Example: *Food, architecture, clothing, music, language, holidays/celebrations, religion, sports, etc.* You can do some history, but try to stay away from a history report. **This project should be presented on a science board.**

Here are some examples of what a board might look like.

PLEASE RETURN THIS PORTION TO YOUR SOCIAL STUDIES TEACHER

What culture will you be presenting?

Location?

Who is in your group? (please include names, and grade level) If you are an adult please include your child's name and grade. Will they be presenting with you?

Will you bring food, if so what will you bring? (remember, you only need to bring bite size portions for people to try your food – this is not required, but is enjoyable)

What else are you planning on bringing to share/show?

Would you like to perform? (What will you perform? Examples: traditional singing, dancing, instruments, etc
